Summary:

I am a full stack web creative with a passion for open source and open technologies. I have helped lead a bootstrapped start-up ([Ace of Sales](#)) to profitability. I read daily, and currently read anything from [The Pragmatic Bookshelf](#) that I can get my hands on.

Skills:

- **Languages:** Ruby, PHP, JavaScript, HTML5, CSS3, Objective-C, C
- **Version Control:** git, svn
- **Databases:** SQL, MySQL, PostgreSQL
- **Miscellaneous:** Rails, Sinatra, Node.js (npm), PhoneGap, Titanium, CoffeeScript, SASS, jQuery, Zepto, Backbone.js, Spine.js

Education:

- Liberty University (2004 - 2009) *B.S. – Computer Science*

Experience:

- **Pure Charity:** Developer (September 2012 - Present)
 - Front end development with HTML5/CSS3/JavaScript (SASS, HAML, CoffeeScript).
 - Back end development with Ruby/Rails.
 - Agile software development team.
 - Test-Driven Development.
- **Polysonics:** Developer (November 2011 - September 2012)
 - Front end interfaces with HTML5/CSS3.
 - Back end development with Ruby on Rails, PHP, and Objective-C.
 - Interactive elements with JavaScript.
 - Database schema and queries with MySQL and PostgreSQL.
 - Mobile applications with Objective-C and JavaScript frameworks.
- **Ace of Sales:** Lead Developer (September 2008 - November 2011)
 - Transitioned Gladhandle to Ace of Sales.
 - Front end interfaces with HTML5/CSS3.
 - Interactive elements with JavaScript.
 - Back end development with Ruby on Rails.
 - Database schema and queries with MySQL.
- **Gladhandle:** Lead Developer (March 2007 - September 2008)
 - Front end interfaces with Adobe Flex.
 - Back end development with PHP (SabreAMF).
 - Database schema and stored procedures with Microsoft SQL Server.

- **Green Springs Technologies:** Systems Developer (May 2006 - Sep. 2006)
 - Installed internal systems, including VoIP and Linux Web Server.
 - Developed HTML for dynamic websites.
